Changing Your Password on Bongo IoT Platform

Go to -> **Side Menu Bar** > **User** > **Change Password**

01. From the navigation menu bar, locate and select the **"User"** option.

02. In the dropdown menu, choose **"Change Password"**

03. On the **"Change Password"** page, you will be prompted to take the following steps:

   a) Enter your current **"Old Password"** in the designated field.

   b) Create a **"New Password"** that adheres to the platform's password requirements.

   c) Retype a **"New Password"** to confirm.

04. Once you've entered your old and new passwords, click on the **"Save"** button.

By following these steps, your password will be successfully changed, providing you with enhanced security for your Bongo IoT Platform account.
